

# Valuing the Health Impacts of Chemicals

11-12 January 2016

**Welcome to ECHA**

Matti Vainio

# Why are we here?

- Bring together the supply (researchers), demand (regulators) and market makers (e.g. DG Research)
- Establish state of play concerning the valuation of health impacts related to chemicals
  - Various presentations and discussions
- Have identified research gaps and information needs
- Establish network of valuation (of the impact of chemicals)
  - Join existing networks?
  - Including possible follow up, e.g. survey?
- Review of ECHA's WTP study on health endpoints
- Also, help in preparing OECD CBA workshop 6-8 July 2016

## Follow up

- All workshop material plus participants on web
- Help Christoph prepare conclusions and way forward

## Practicalities

- House keeping rules
- Ilze and other ECHA staff help in practicalities
- Dinner this evening:
  - Christoph picks you up at 6.30 pm from Marski
