

IT state of play and analysis of needs: Planning for the future

Biocides Stakeholders' Day

1 September 2015

Jan Weber
R4BP 3 Product Manager
European Chemicals Agency

IT tools: *a road trip*

1. Our destination
2. Our current state of play
3. The road ahead

R4BP 3 as a *one-stop shop*

Find most of what you need in one place

- Convenience for customers
- High user acceptance

One-Stop Shop

- Central submission tool
- Convenient data management
- Established communication channel
- Secure data repository

IT tools: *a road trip*

3. The road ahead

Data in R4BP 3

Back in 2014...

Migration R4BP2 → R4BP 3

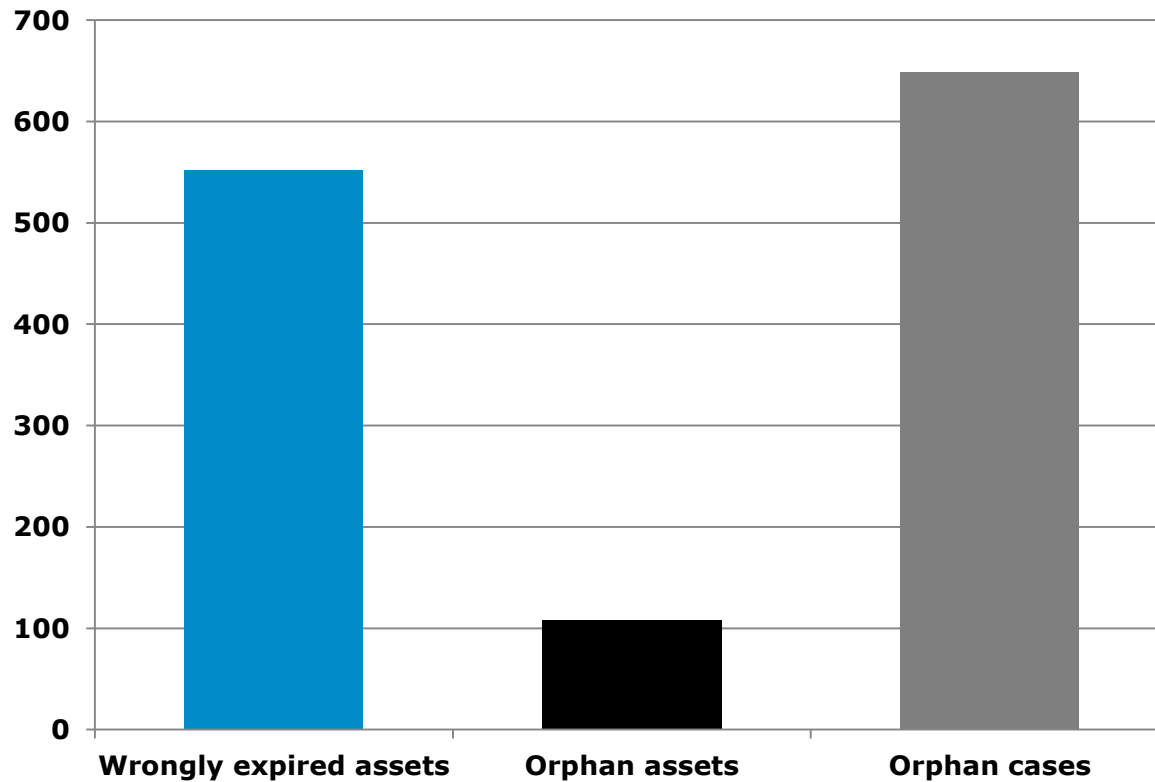

- Incorrect data in R4BP2 will compromise the migration or have negative consequences on migrated authorisations

The company identifier used in R4BP 3 is crucial information to be indicated in R4BP2

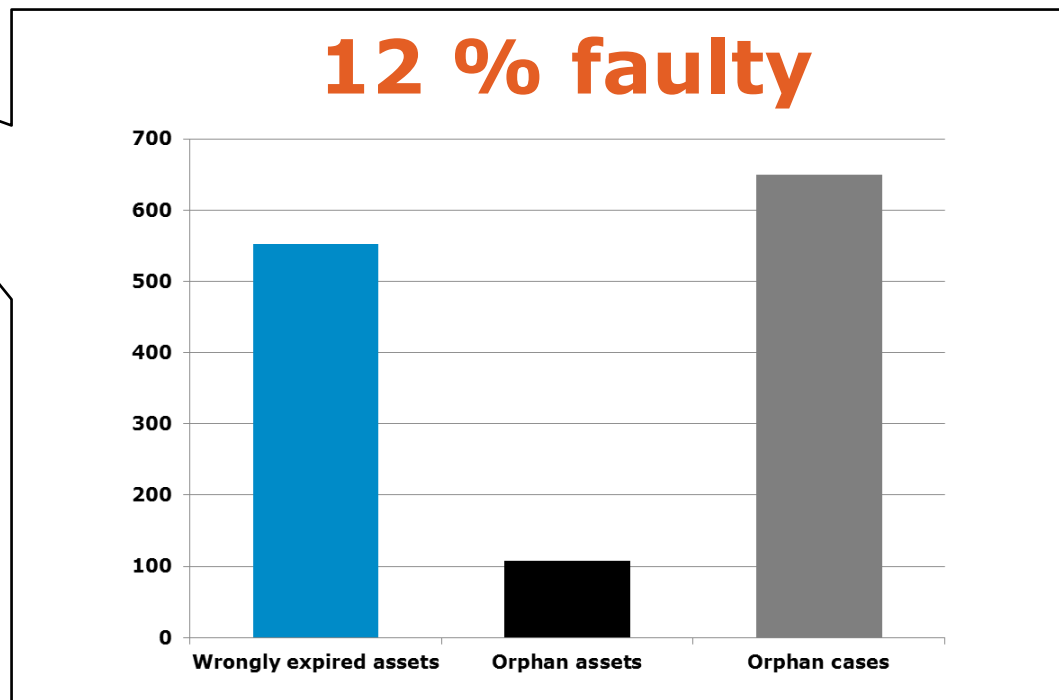

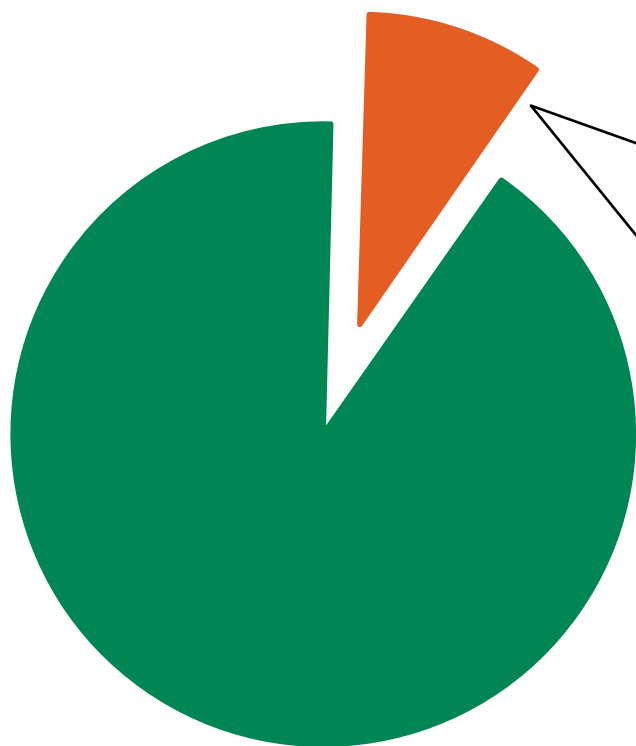

- DC authorisation
- Swiss authorisations – not yet available

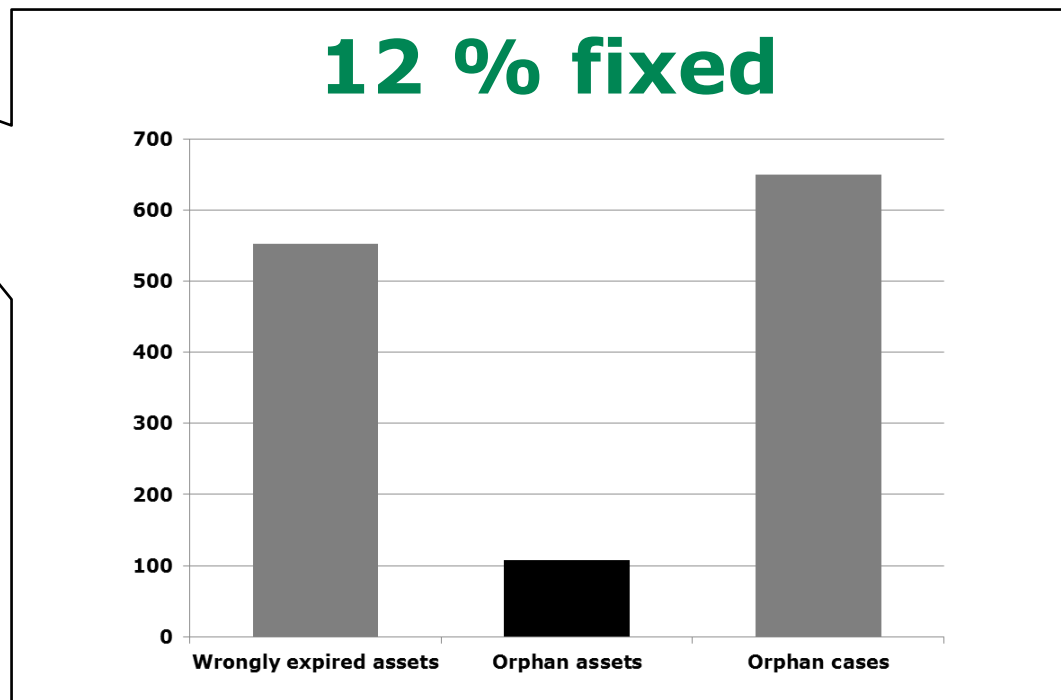

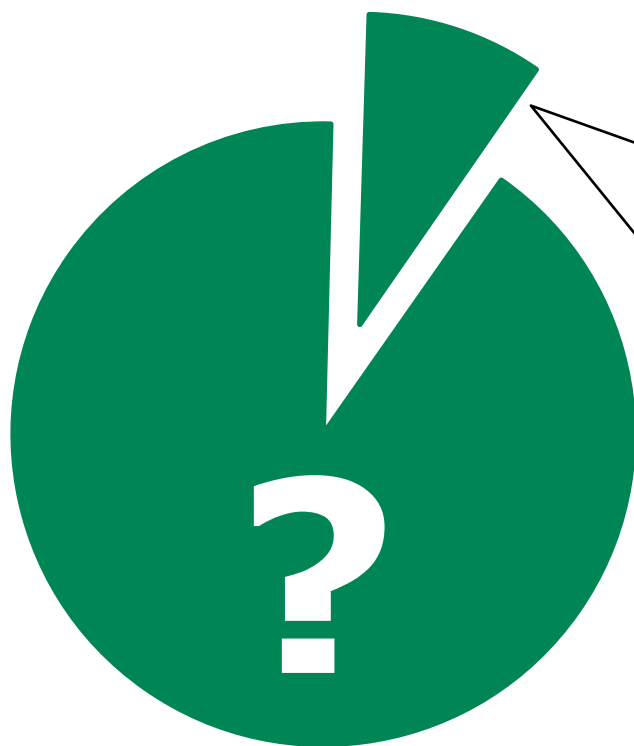

Data from R4BP2: corrections

Data from R4BP2: corrections

Data from R4BP2: corrections

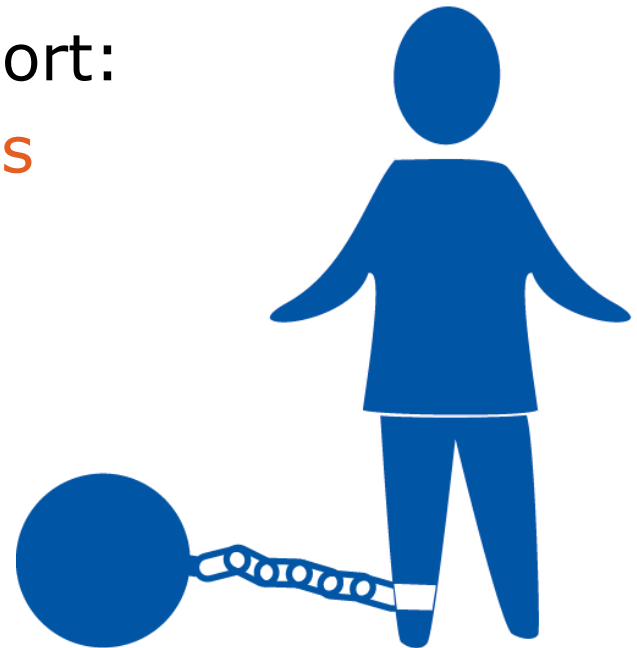

SPC: major change in data model

Transitional measure - SPC placeholder for assets migrated from R4BP2

Quality content needed to support:

- Initiation of new related cases
- Dissemination from Q3 2016

Precautionary statements

Not defined

4. Authorised use(s)

Product type PT19 - Repellents and attractants (Pest control)

Where relevant, an exact description of the authorised use

Fields of use

Not defined

Category(ies) of users

Not defined

Target organisms

Not defined

Application method(s)

Not defined

Pack sizes and packaging material

Type	Material	Size
Description		Safety

3. Hazard and precautionary statements

3.1. Classification

Aquatic Chronic 1

3.2. Labelling

Signal word

Warning

Pictograms

Hazard statements

Contains a *mixture of 5-chloro-2-methyl-2H*

Precautionary statements

Keep out of reach of children.
Avoid release to the environment.

Dispose of *contents* to *national regulations*.

4. Authorised use(s)

4.1. A ready-to-use liquid formulation not intended for

Product type PT18 - Insecticides, acaricides and product

Where relevant, an exact description of the authorised use A ready-to-use liquid formulation not intend

Fields of use Indoor, Outdoor

Category(ies) of users Indoor use To be used in/at Households/pri
General public (non-professional), Professi

Target organisms	Scientific name	Common name
	Formicidae (Ants)	Formicinae (Garden A
