

# Biocide applications: Submission in practice

## Biocides Stakeholders' Day

25 June 2013

Ricardo Simoes  
Junior Scientific Officer,  
Dossier Submission and Dissemination Unit  
European Chemicals Agency

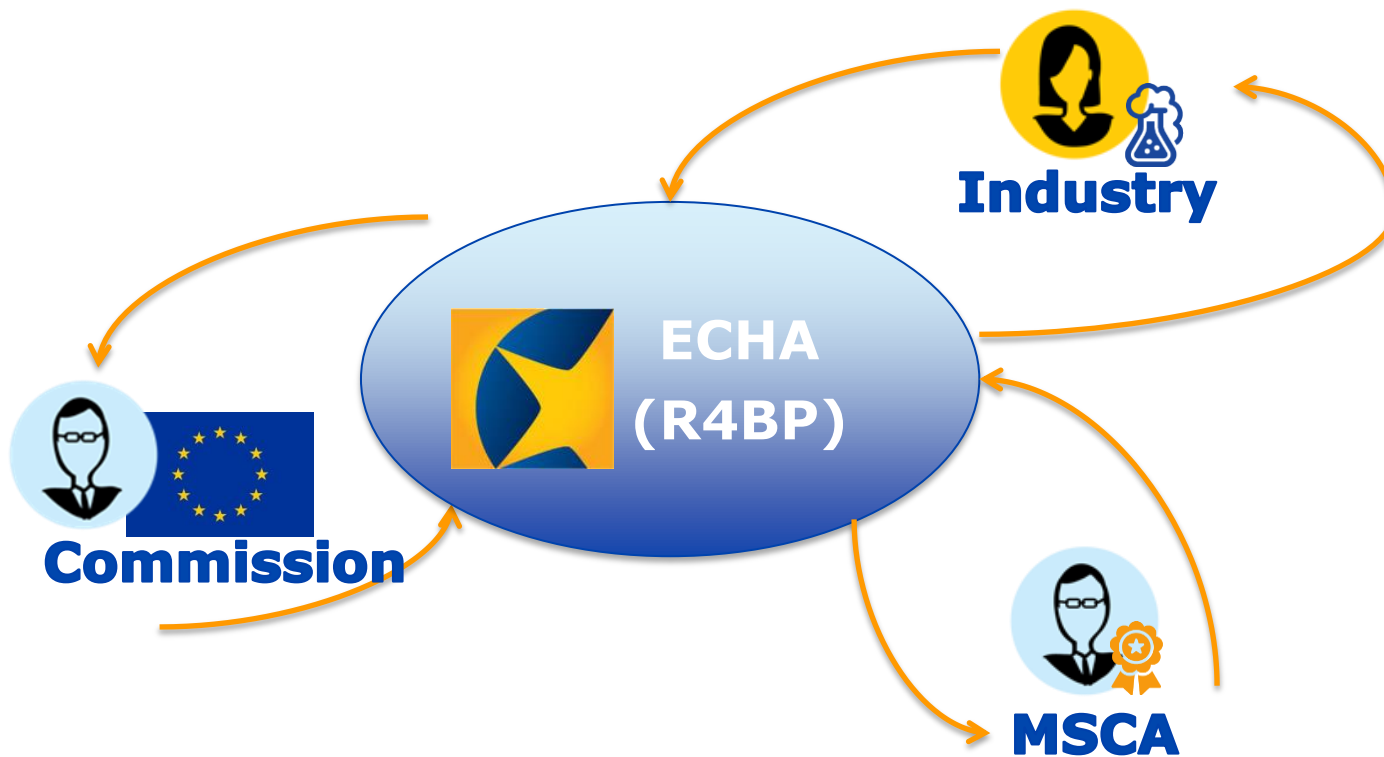

# Contents

- Role of ECHA under the Biocidal Products Regulation - submissions
- Submission tools
- Support for applicants

# Role of ECHA under the BPR

## Central Hub in the submission processes

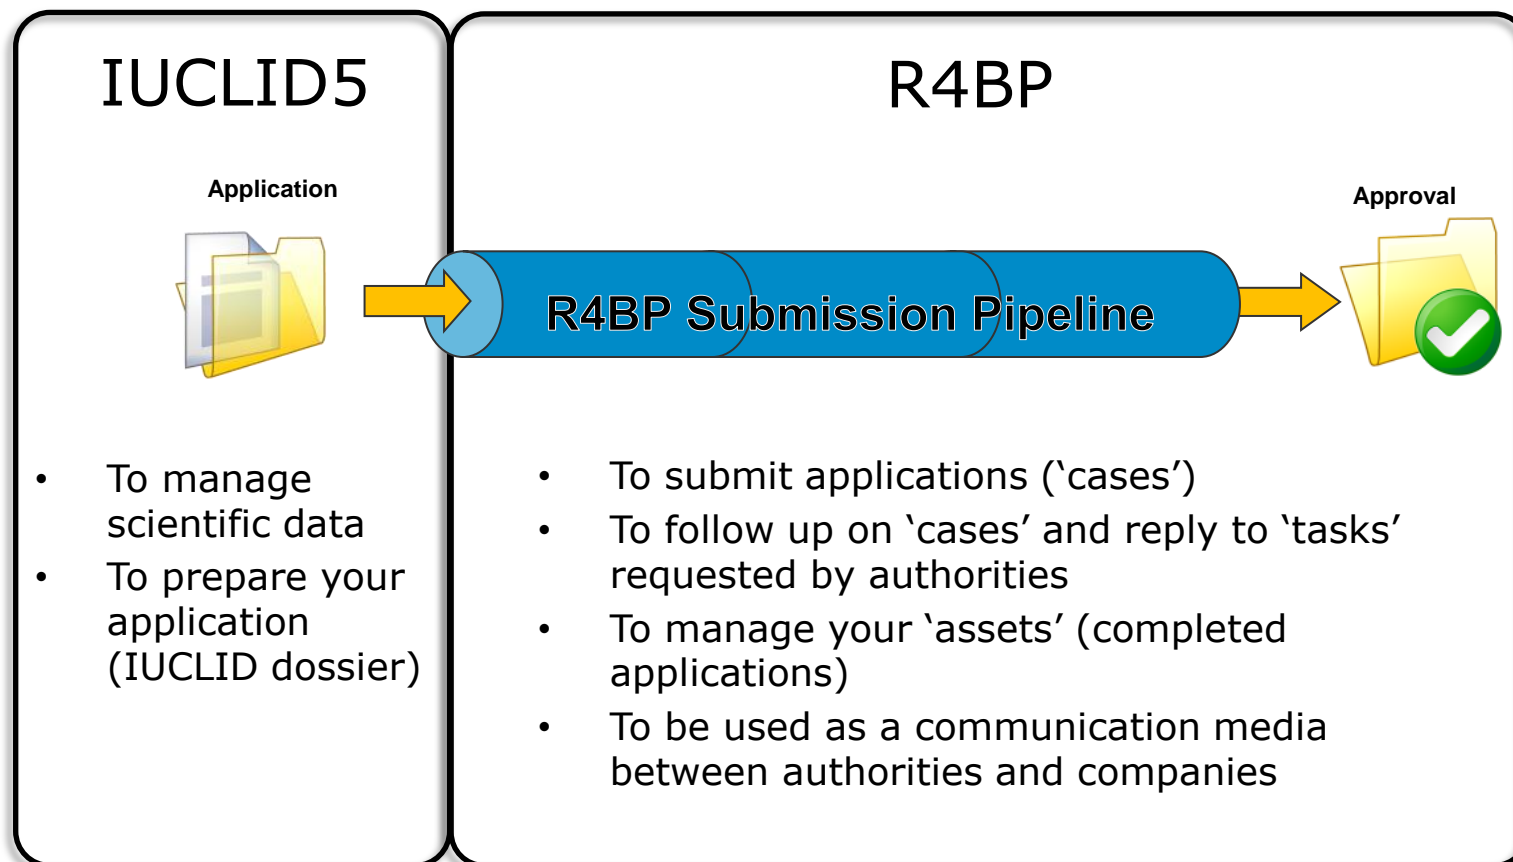

## Role of ECHA under the BPR

From 1 September, ECHA (submissions) will administer:

- All biocides application types (products and actives)
  - Receiving from companies (manufacturers, consultants, formulators, etc.)
  - *Basic admin checks and ECHA invoicing where relevant*
  - Forwarding to the 28 Member State competent authorities (From 1 July) + three EEA countries + Commission

# Submission tools

## Submission tools

- Three key steps in R4BP for submission:
  - Format check (ECHA)
  - Business rules check (ECHA)
  - ECHA invoicing (if applicable) (ECHA)
    - All of these steps need to be successfully completed before:
  - Evaluation (ECHA/MSCA)

# Submission tools

## How to monitor 'tasks'? in R4BP

Search for tasks

Filter task items by

Monitor your task items and ensure they are completed by the 'Due date'

Task name	Case number	Product name	Common name(AS)	Submission date	Due date	Task status
<a href="#">res - Resubmit dossier</a> <span>NEW</span>	<a href="#">BC-HR000823-35</a>		MTL_Active_Substance	31/05/2013	05/06/2013	CLAIMED
<a href="#">res - Resubmit dossier</a> <span>NEW</span>	<a href="#">BC-NW000825-15</a>		MTL_Active_Substance	31/05/2013	30/06/2013	CLAIMED

## Submission – actions required

- If a failure occurs at any of the previous steps:
  - You will be informed by either messages or tasks in R4BP
  - You need to know how to check if a failure has occurred and how to respond to it
  - If an ECHA invoice applies, make arrangements with your accounting department to make sure that it is paid on time
- Full details in forthcoming manuals and video tutorials

# Support for applicants

- Account creation in REACH-IT
  - *(Industry User Manual - Part 2: Sign-up and account management)*
- Biocide submission manuals (BSM)
  - BSM 1: Using IUCLID for biocide submissions (**released**)
  - BSM 2: Using R4BP for Biocides submissions (coming soon)
  - BSM 3: Submission information for active substances (coming soon)
  - BSM 4: Submission information for biocidal products
- Video tutorials
- Helpdesk

# Migrating assets from the Directive (R4BP2)

- Create your company identifier in REACH-IT (UUID)
- In R4BP2 link your company identifier to your assets
- Keep to the deadline for migration
- Supporting documentation will be available

## Keys messages for applicants

- R4BP and IUCLID are the main 'vehicle' for all biocides submissions
- Make use of the biocides submission manuals
- Regularly check the status of your on-going applications (i.e. 'cases') in R4BP
- Migration – identify your company ownership on time

Thank you
