Audio broadcast

- Audio for each event will be available directly through the Event Centre tool.
- As attendees join the event, they will be connected to the audio broadcast. The Audio Broadcasting panel, where attendees can control audio volume, opens automatically.
- Make sure the sounds are enabled on your computer
- Turn on your computer speakers or plug in a headset

Key points to consider

- If you experience problems with the audio broadcast, **you can connect to the teleconference** via phone: Close the Audio Broadcast dialog box on your screen. At the bottom of the right column in the Participant box, click the  button to request the teleconferencing dial-in information.
- If you are having trouble with either option, please submit your need for assistance in the Q&A panel.
- Two way audio is disabled so you will not be able to verbally communicate with the participants, presenters or panelists during the event.
- Communication with panelists happens through the questions and answers feature

Interaction in the webinar

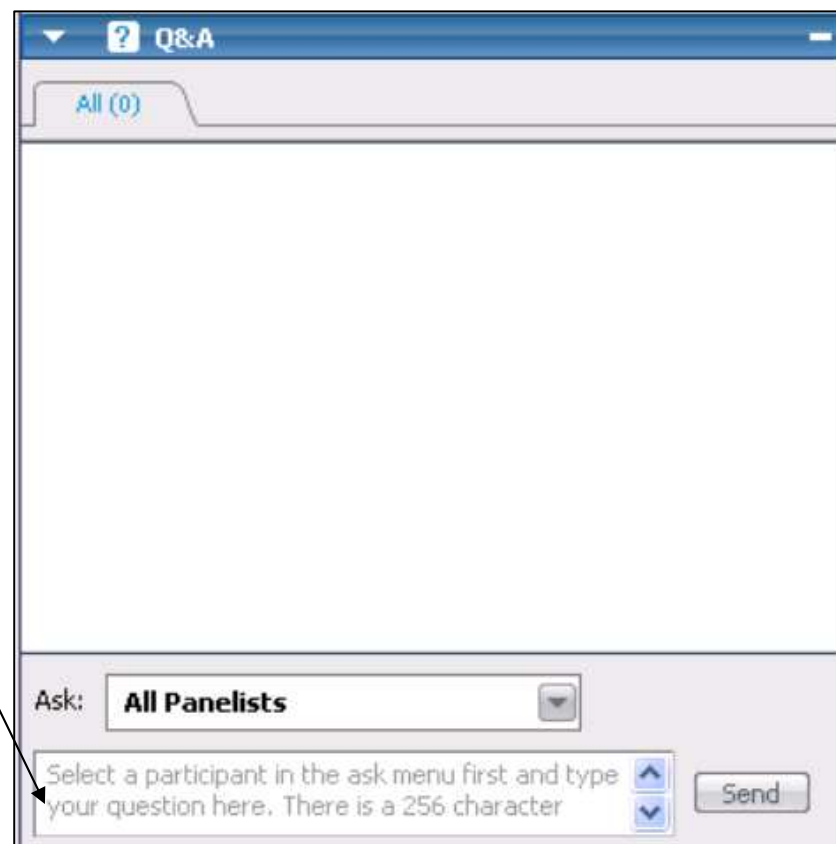

Panelists and Presenters will be listed here.

If you have a question, type it here:

Use the drop-down list and select "All panelists" before you send your question

Click Send

Await your answer.

Post Event Survey

- Once the event has ended, you will be directed to a post event survey page
- Your feedback is important to us
- So please take the time to fill out the survey
