TWO ASSISTANTS FOR THE INQUIRY PROCESS PUBLISHED: THE INQUIRY DOSSIER PRELIMINARY CHECK TOOL AND THE INQUIRY Q&A DOCUMENT

The **Inquiry Dossier Preliminary Check Tool** is now available for download. This IT-tool has been designed to assist companies in the preparation of Inquiry dossiers. It enables the identification of the IUCLID 5 fields that should be filled in to submit an Inquiry dossier.

In addition, an **Inquiry Q&A** has also been published on the ECHA website. This document has been developed to provide practical advice to stakeholders on the Inquiry process. The Inquiry Q&A has been prepared on the basis of the questions received by the ECHA helpdesk. It will be updated, as appropriate, based on further questions received by the ECHA helpdesk.
