

# Curriculum Vitae

Alojz Grabner

---

## Main expertise in summary

He has been involved in chemicals management and related issues since 2000, when he joined the Office. He performed several functions in the institution and was actively involved in the accession negotiation process, transposition and implementation of the EU Acquis, and different projects of chemicals management at national level. He participated in and assisted in setting up national structures for implementation of chemicals risk assessment and management and is responsible for their performance through strategic and annual planning and evaluations as well as operative and financial management

---

## Professional experience

Currently head of the Chemicals Office (CORS) of the Republic of Slovenia, which is an independent constituent body within the Slovene Ministry of Health. CORS is the national competent and enforcement authority for REACH, CLP, biocides, import-export of chemicals, cosmetics, detergents, drugs/explosives/chemical weapons precursors, RoHS Directive, as well as relevant international agreements and cooperation (Rotterdam-Stockholm-Minamata Conventions, Chemical Weapons Convention, SAICM...). Apart from these areas, the institution also acts as a national coordinator for human biomonitoring, and acts as a intersectoral coordinating body in matters related to chemical management.

His previous working experience include four years of research and pedagogical work at the faculty of Chemistry and Chemical Technology at the University of Ljubljana, and six years of active service in the Nuclear, Biological and Chemical defence corps in the Ministry of Defence.

---

## Education

A chemist by education with background in biochemistry and inorganic chemistry at the Faculty of Chemistry and Chemical Technology at the University of Ljubljana. Elementary training in risk assessment of chemicals.

---

## Other relevant information

His mother tongue is Slovene, he is fluent in English, Serbian/Croatian, and manages German and Russian.
