Objective:

- Conceive and manage the pilot project on recovered substances, with particular attention for the exemption from REACH registration obligation, according to REACH Art 2(7) d in the waste recycling sector.
- Optionally, include enforcement of the relevant obligations of the POPs regulation.

Mandate:

1. Develop the project manual (guidance document, checklist, planning, recommendations) for the execution of the project
2. Recommend cooperation with IMPEL/waste authorities at national level of the participating countries
3. Prepare and deliver the training for project national coordinators
4. If WG resources are available, consider volunteer WG members to participate in the IMPEL training on 'REACH and recovered materials'
5. Management of the Operational phase
6. Management the Reporting phase: Follow-up operational phase, collect the results and draft project evaluation
7. Draft practical enforcement guidance for inspectors (tips and hints for inspectors)
