The Conference Centre has its own entrance, separate from the office building.

At the entrance, you will need to show a valid form of identification, such as a passport or a national ID card, to print out your visitor badge. Please allow some extra time for this. Please also make sure you register for an event with the same name that is on your identification.

Your badge allows you to enter the Conference Centre and should be visible at all times while on ECHA's premises.
