

## **Justification for removing a substance from CoRAP prior to evaluation**

**Substance Name (public name):** Isopropylnapthalene

**EC Number:** 249-535-3

**CAS Number:** 29253-36-9

**Authority:** Austria

**Date:** 18/03/2020

**The priority for evaluating the substance has been reconsidered based on:**

<input type="checkbox"/>	<b>The initial hazard ground of concern has been verified and considered of low priority</b>
<i>Not applicable.</i>	

<input type="checkbox"/>	<b>The initial exposure/risk ground of concern has been verified and considered of low priority</b>
<i>Not applicabe.</i>	

<input checked="" type="checkbox"/>	<b>The generation of information under Substance Evaluation is considered of low priority because</b>
	<input type="checkbox"/> Already ongoing or implemented regulatory risk management process(es)
	<input type="checkbox"/> Registrants' (voluntary) action addresses concern
	<input checked="" type="checkbox"/> Other: No currently active registrations As the registrant has claimed cease of manufacture of CoRAP substance EC 249-535-3 isopropylnaphthalene, there are no active registrations currently. Therefore, we intend to withdraw SEV of this substance based on the current status of registration.
