

# Summary of product characteristics for a biocidal product

**Product name:** Nippon Ant Bait Station 2

**Product type(s):** PT18 - Insecticides, acaricides and products to control other arthropods (Pest control)

**Authorisation number:** NO-2015-0110

**R4BP 3 asset reference number:** NO-0011556-0000

## Table Of Contents

|   |   |
|---|---|
| Administrative information  | 1 |

## Administrative information

### 1.1. Trade names of the product

|                           |
|---------------------------|
| Nippon Ant Bait Station 2 |
|---------------------------|

### 1.2. Authorisation holder

|   |                 |  |
|---|-----------------|--|
| <b>Name and address of the authorisation holder</b> | Name            | Vitax (Ireland) Limited  |
|   | Address         | Block 3, Harcourt Centre Harcourt Road D02 A339 Dublin Ireland |
| <b>Authorisation number</b>                         | NO-2015-0110    |  |
| <b>R4BP 3 asset reference number</b>                | NO-0011556-0000 |  |
| <b>Date of the authorisation</b>                    | 21/05/2015      |  |
| <b>Expiry date of the authorisation</b>             | 27/03/2025      |  |

### 1.3. Manufacturer(s) of the biocidal products

|  |   |
|--|---|
| <b>Name of the manufacturer</b>        | Vitax Limited                                 |
| <b>Address of the manufacturer</b>     | Owen Street LE67 3DE Coalville United Kingdom |
| <b>Location of manufacturing sites</b> | Owen Street LE67 3DE Coalville United Kingdom |

### 1.4. Manufacturer(s) of the active substance(s)

|  |   |
|--|---|
| <b>Active substance</b>                | 49 - Spinosad   |
| <b>Name of the manufacturer</b>        | Dow Agrosciences BV   |
| <b>Address of the manufacturer</b>     | Antwerp B-2650 Antwerp Belgium  |
| <b>Location of manufacturing sites</b> | Confidential to manufacturer Confidential to manufacturer Confidential to manufacturer European Union |

## 2. Product composition and formulation

### 2.1. Qualitative and quantitative information on the composition of the biocidal product

| Common name | IUPAC name   | Function         | CAS number  | EC number | Content (%) |
|-------------|--|------------------|-------------|-----------|-------------|
| Spinosad    | Spinosad as a mixture of 50-95 % spinosyn A and 5-50 % spinosyn D. | Active Substance | 168316-95-8 | 434-300-1 | 0,095       |

### 2.2. Type of formulation

|                           |
|---------------------------|
| RB - Bait (ready for use) |
|---------------------------|

## 3. Hazard and precautionary statements

|                                 |  |
|---------------------------------|--|
| <b>Hazard statements</b>        | Harmful to aquatic life with long lasting effects.<br>Contains 1,2-benzisothiazolin-3-one. May produce an allergic reaction.                         |
| <b>Precautionary statements</b> | Avoid release to the environment.<br>Keep out of reach of children.<br>Dispose of contents to a household waste recycling centre as hazardous waste. |

## 4. Authorised use(s)

## 4.1 Use description

### Use 1 - Non-professional use in and around domestic premises

|   |   |
|---|---|
| <b>Product type</b>   | PT18 - Insecticides, acaricides and products to control other arthropods (Pest control)   |
| <b>Where relevant, an exact description of the authorised use</b> | VII.1 Stored Product Protection / Food protection VII.2 Health protection<br>VII.2 Health Protection  |
| <b>Target organism(s) (including development stage)</b>           | Scientific name: Hymenoptera: Formicidae:<br>Common name: Ants including <i>Lasius niger</i> (Black garden ant)<br>Development stage: Adults, imagines and larvae |
| <b>Field(s) of use</b>  | Indoor<br><br>Outdoor<br><br>IV 1.3.2 Indoor use in/at households/private areas<br>IV 2 outdoor use (around domestic premises)                                    |
| <b>Application method(s)</b>                                      | Bait application -<br>V1 6 Bait application (in prefilled bait station)   |
| <b>Application rate(s) and frequencies</b>                        | 5 g bait per bait station - 100 -<br>Apply one or two bait stations per ant colony, beside the any run. Effective for up to 1 month                               |
| <b>Category(ies) of users</b>                                     | General public (non-professional)   |
| <b>Pack sizes and packaging material</b>                          | Pre-filled polypropylene bait station containing 5g of bait formulation. Supplied in packs of 1, 2, 3 or 4 bait stations.   |

#### 4.1.1 Use-specific instructions for use

|   |
|---|
| <p>Keep in a safe place.</p> <p>Do not open bait box.</p> <p>Do not use where food, feed or water could become contaminated.</p> <p>There should be an interval of at least 7 days between successive 28-day treatment campaigns.</p> <p>When used outdoors, apply at most two bait stations.</p> <p>Effective for up to 1 month.</p> |
|---|

#### 4.1.2 Use-specific risk mitigation measures

Keep in a safe place.  
Do not open bait box.  
Do not use where food, feed or water could become contaminated.  
There should be an interval of at least 7 days between successive 28-day treatment campaigns.  
When used outdoors, apply at most two bait stations.  
Effective for up to 1 month.

#### **4.1.3 Where specific to the use, the particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment**

Skin contact: No harmful effects anticipated from dermal exposure to intact skin. Wash with soap and water.  
Eye contact: Possible irritation. Rinse with water thoroughly. If irritation persists seek medical advice.  
Ingestion: Low toxicity. Wash out mouth with water and seek medical advice.

#### **4.1.4 Where specific to the use, the instructions for safe disposal of the product and its packaging**

Do not contaminate surface water or drains with chemicals or used container.  
Do not contaminate surface water or drains with chemicals or used container.  
Do not re-use empty container.

#### **4.1.5 Where specific to the use, the conditions of storage and shelf-life of the product under normal conditions of storage**

Store in original container.  
Shelf life up to 2 years

### **5. General directions for use**

#### **5.1. Instructions for use**

See authorised uses

#### **5.2. Risk mitigation measures**

See authorised uses

#### **5.3. Particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment**

See authorised uses

#### **5.4. Instructions for safe disposal of the product and its packaging**

See authorised uses

#### **5.5. Conditions of storage and shelf-life of the product under normal conditions of storage**

See authorised uses

#### **6. Other information**
